

NATURAL SUPPORTIVE SUPPLEMENTS

Phyto
Box

THE RIGHT
SUPPORT FOR
EVERYONE!

The PhytoBox GmbH / AONM offer high-quality food supplements in capsule and tincture form. We are an internationally operating service provider for patients, alternative practitioners, doctors, clinics and therapists. Our focus is to support the immune system in chronic disease, inflammation, environmental / toxin pollution, ME/CFS, as well as other multi-infection / multi-system disease.

As a young and dynamic company it is our special concern to offer products of very high quality and effectiveness. We stand for fair and honest pricing and a transparent company structure.

KEYFACTS

The range of scientifically based supplements is characterized by the highest possible compatibility and bioavailability. The products of the PhytoBox UG are hypoallergenic*. This means that, almost all of our products are also suitable for sensitive people, allergy sufferers and those with food intolerances.

- **Free of unnecessary additives and preservatives**
- **Free of sweeteners and flavourings**
- **Free from lactose, fructose** and gluten**
- **Free of artificial colourings and coatings**
- **Free of trans fats and hardened fats**
- **Free of flow and release agents**
- **Free of fillers**

* In single products, ingredients are obtained from potentially allergenic substances (e.g. plant extracts). These products are marked accordingly.

** In general, the products are free of fructose, but may occasionally contain natural fructose from individual ingredients (e.g. plant extracts). These products are labelled accordingly.
